

# COLWILL MASSEY

Term 1

Week 7

Room 9

It has been a great start for the students in Room 9. Year 7 & 8 can sometimes be a difficult transition for our students, as they begin to realise that high school is just around the corner. This term, the focus for the students has been on developing better self-awareness by themselves, looking at who they are. One of the activities that students undertook was creating a "Micrography". This is a self-portrait of themselves using words to create the lines and facial features of their self-portrait. The students were encouraged to create a bank of words that can be used to describe themselves. They had to consider their roles within their families, their nationality, ethnicity, strengths, weaknesses, hobbies, interests, likes, dislikes, goals, and aspirations.
