Weeks 4/5!

Why Oral Language Is Important

Oral Language is essential for communication. Oral Language helps children share with others what they feel and think. Proper pronunciation ensures your message is conveyed clearly. Proper pronunciation leads to better success in Reading and Writing.

Why Reading Is Important

There are many ways to support reading in a child's development. One of these ways is through shared reading with parents, whānau, and other caregivers. Shared reading helps your children to develop language skills. It exposes them to new words and ways of using language. Ask questions about the book you have shared with your child. Reading comprehension is essential for language and literature as well as developing a student's critical thinking and memory skills, focus, and ability to solve problems.
